

DROP *The* ANCHOR.

A four-step skill for getting unstuck when your mind gets caught in a spiral.

- D** — **DESCRIBE & VALIDATE:**
Name what is happening.
"I'm noticing _____. It makes sense that this is showing up because _____."
- R** — **REFRAME:**
Loosen the first story your mind gives you.
"What else could be true? Is there another way to see this?"
- O** — **ORIENT TOWARD YOUR VALUES:**
Find a true north.
Orient toward the truth that gives you access to the person you want to be.
- P** — **PHYSICALLY SHIFT:**
Physically switch what you're doing to disrupt the cycle and give your brain a chance to reset.
