

YOUR VALUES COMPASS

Finding direction when life feels uncertain

Values are chosen qualities of action and ongoing directions—not fixed destinations.

They are the kind of person you want to be and the impact you want to have.

Values guide you, especially when the path isn't clear.

Psychological flexibility is making room for internal experience while choosing actions that move toward what matters.

VALUE	GOAL	TODAY
Connection	Spend intentional time with my partner	Put my phone down and really listen.

You can complete a goal. You never finish a value.

AWAY MOVES

-  avoid
-  numb
-  withdraw
-  control
-  give up

often short-term relief

TOWARD MOVES

-  connect
-  speak honestly
-  try
-  set a boundary
-  ask for support

often long-term meaning

Is this taking me toward or away from the person I want to be?

You don't have to feel good to move toward what matters.

Your compass doesn't tell you what the road will feel like. It reminds you which direction matters.
